

EDUCATION

Cornell University MS in Computer Science Minor in Cognitive Science Computational Sustainability, Advanced Language Technologies, Advanced Programming Languages	<i>Ithaca, NY</i>	Aug 2022 – May 2024 GPA: 3.91 / 4
Indian Institute of Technology Bombay B.Tech in Computer Science & Engineering (Honors) Minor in Artificial Intelligence Deep Learning for NLP, Advanced Machine Learning, Analysis of Concurrent Programs	<i>Mumbai, India</i>	Aug 2017 – May 2021 GPA: 9.68 / 10

WORK EXPERIENCE

Research Engineer, Matic Robots • Part of the Neural Networks team building robust real-time autonomous perception and understanding . • Building and evaluating deep learning systems using state-of-the-art models.	<i>Mountain View, CA</i>	Jun 2024 – present
Software Engineer, Samsung Electronics • Developed high-performance 5G-NR virtual L1 layer as part of Physical Uplink Shared Channel team. • Utilized Intel®Intrinsics (AVX-512) for efficient parallel processing of data, focusing on cache bottleneck optimization. • Reduced bottlenecks in uplink signal processing pipeline to achieve upto 20% speedup	<i>Suwon, South Korea</i>	Sep 2021 – Aug 2022
Network Engineer Intern, Samsung Electronics • Built an automated network load testing framework to evaluate performance of in-production load balancing services	<i>remote</i>	Jun 2020 – July 2020
Summer Research Intern, TU Braunschweig • Designed and built WeLineation , a full-stack app using Expectation Maximization for medical image segmentation.	<i>Braunschweig, Germany</i>	May 2019 – July 2019

RESEARCH EXPERIENCE

Master's Thesis - Prof. Sanjiban Choudhury Built a learning system using vision-Language transformer models to allow transfer of human skills to household robots. Collaborated on a speech-interactive task planner for human-robot collaborative cooking, and a web-based evaluator.	<i>Cornell University</i>	Feb 2023 – Apr 2024
Undergraduate Research - Prof. Preethi Jyothi Improving code-switched Automatic Speech Recognition using Transformers¹ Built a new bilingual speech recognition model conditioned on language using CUDA accelerated dynamic programming	<i>IIT Bombay & Microsoft</i>	Aug 2020 – Jun 2021
Improving Low Resource Code-switched ASR using Augmented Code-switched TTS¹ Used E2E Automatic Speech Recognition models trained on Hindi and English monolingual data and code-switched Text to Speech (TTS) to improve performance in low-resource settings		Dec 2019 – Jun 2020

TEACHING ASSISTANTSHIPS

CS4780: Introduction to Machine Learning	<i>Cornell University</i>	Spring 2024
CS3410: Computer System Organization & Programming	<i>Cornell University</i>	Fall 2023, Fall 2022
CS4820: Introduction to Analysis of Algorithms	<i>Cornell University</i>	Summer 2023
CS2770: Excursions in Computational Sustainability	<i>Cornell University</i>	Spring 2023
CS251: Software System Lab	<i>IIT Bombay</i>	Fall 2020, Fall 2019
MA105: Calculus	<i>IIT Bombay</i>	Fall 2018

Won TA awards for **Fall 2020** and **Fall 2022**

PUBLICATIONS

- **Demo2Code: From Summarizing Demonstrations to Synthesizing Code via Extended Chain-of-Thought** [NeurIPS 2023]
- **Improving low resource code-switched ASR using augmented code-switched TTS** [INTERSPEECH 2020]
- **WeLineation: crowdsourcing delineations for reliable ground truth estimation** [SPIE Medical Imaging 2020]

PROGRAMMING LANGUAGES AND SOFTWARES

C/C++, python, bash, Rust, Haskell, Java, SQL, PyTorch & TensorFlow, AVX, Git, Perforce, Linux, Docker, MATLAB, Javascript & node

KEY PROJECTS

Psychological analysis of ChatGPT in risky decision making ; Prof. Valerie Reyna; Fall 2023	<i>Cornell University</i>
Modeling misinformation in organizations using ; Prof. Jon Kleinberg; Spring 2023	<i>Cornell University</i>
Few-shot action recognition on egocentric data ; Prof. Kilian Weinberger; Fall 2022	<i>Cornell University</i>
Morphological Inflection through Deep Learning 2021; Maze Solving with Evolutionary RL 2020	<i>IIT Bombay</i>

¹Work done as part of collaboration between **Microsoft India Development Center** and **Indian Institute of Technology Bombay**
